## **Horny Mom Loves How Her Son's Dick Stretches Her Pussy**

MY HUSBAND AND I are very sexually open, not official swingers, but we have had some threesomes and one-swap couple night. It turned out pretty well, we had fun.

Hubby recently found out that our 22-year-old son is a virgin. It's a little bit sad based on his age. He's not ugly, but he's also not very smooth with women.

One night, after an arousing night of sex, and drunk on our passion, my husband suggested that I should help out our son.

He said it would be a good idea because I'm a sexy MILF, and guys our son's age look for that.

Plus, I like young guys, and hubby liked watching other men fucking me the couple of times we tried it. We would all get something amazing out of it.

And while it obviously sounds crazy, the thought of giving my son so much pleasure that he would go crazy made me horny.

So, I started wearing less clothing around the house, uncovering my ass and tits more and more, and when I could see my son noticing me, I sprang into action.

It was night, and I told my husband that I was going to visit my son in his room. I knew that my husband was eager to watch, but we both thought it would be better if I approached my son alone.

It was already going to be a shock and introducing his dad at the same time would have been too much for him.

I even decided to pretend that his father didn't know about it, and we had to keep it secret from him.

Hubby agreed to it all.

I put on a thin robe with nothing but panties underneath, and I knocked on my son's door. I heard rustling, and about fifteen seconds later, he said that I could come in.

He was under the covers with a pillow over his crotch, and he was too naïve to know that I knew he had been masturbating.

I sat on his bed and made him the offer, I don't remember exactly what I said, but in a nutshell, that I wanted to help him, and his father cannot know about it.

Then I leaned forward to kiss him on the forehead, making sure that my huge titties were hanging in my robe in his face.

He was receptive and I put my hand under the blankets and down his body in search of his young manhood.

Once I found it, I was impressed beyond belief. Bigger than his father by a lot, and harder than any man known to me, I took care of his dick with one of my eager hand jobs.

In the process, I slipped off my robe and with my tits dancing in his face, I brought him to a quick orgasm.

He threw off the blanket just as he was about to come, and I jacked him off all over his stomach.

I gave him a towel to clean up and then went back to my husband where I told him about my success.

Hubby was surprised how quick it was, but it made sense that the first touch of a woman would set my boy off right away.

My husband and I made erotic love that night.

I gave my son a hand job the next night, and the night after that.

After that, I offered him more. I dropped my robe and said he could have whatever he wanted. Right away my boy started fondling and rubbing my breasts while I stroked him off.

When I recognized his untamed squeal, I asked him, "Where do you want to come? My face, my tits?"

He looked at my thin panties and said, "In the crotch of your underwear, mom."

I opened my legs and told him to jerk off all over my undies. His impressive load soaked my panties and warmed the excited lips of my cunt.

Hubby was happy to hear about my great progress and he fucked me doggy style until I was squirting all over the bed.

Hubby wanted to start planning our next move to bring him into the bedroom. I said that our son is still shy and not ready for that but would be soon.

I told my son that now that we're a lot more comfortable with each other, I wanted to move things along. I was hot, wet, and desiring his cock in my pussy.

I could see how nervous he was, and I asked him if that was something that he wanted to do with his mother.

His response was a resounding, if shaky, yes.

He started like he started every night, sucking on my tits. For the first time, I was naked, and I put his hand down to my pussy and asked him to feel how wet his mother was.

"Should we do it now, son?" I said.

"Yes mom," he said almost silently.

He eagerly went on top of me, put his dick against my entrance, and made a big thrust in.

I was ready, but nothing could have prepared me for the actual event. I was so shocked and excited by this.

He then immediately pulled up and thrust down again. I gave him a shy smile and told him that mommy loves his cock.
